

Close Quarters

# Book Club Discussion Guide

1. Which cousin is most like you? Which cousin do you wish you were more like? Which cousin drove you crazy?
2. Who is in your support network? How do they help you survive and thrive?
3. What would you do with a substantial inheritance? Do you agree with the way the cousins are spending (or not spending) theirs?
4. What book(s) has been influential in your life? As a child/teen/adult?
5. The author, Amanda Zieba, loves to day dream about small businesses she'd like to open. Instead of following through with those dreams, she writes about them. In addition to this story about a book store, she also has written a series of stories about a woman who runs a chocolate shop (Champion Chocolatier). If you could open a small business, what kind would you choose?
6. Our society has advanced and now women have more opportunities than ever. Do you see this as a blessing or a curse? Can it be both?
7. Do you think Melanie and Myra are 100% reformed from their meddling ways? Do you know anyone like them? Do you think inclusion or friendship could be a way to improve the situation?
8. Describe your ideal book store.
9. What do you predict Mia and Harper are going to do next? (Stay tuned for the next Ames cousin installment!)
10. What was your favorite La Crosse location mentioned? What locations would you like to see the cousins visit in the next story?
